at 12.30

All welcome.  
Please phone Cathy on  
700673 to place your order

(ordered from Jack Fullers,  
Billingshurst)

## Wisborough Green Sideshows Society - Ceases Operation -

The Sideshows Society has been in existence for nearly 70 years and in that time we have provided the senior citizens of the village the opportunity of enjoying an amazing dinner party and social occasion. The society is managed by a small team, some of whom have served for over 40 years.

At the recent Sideshows AGM the existing committee all decided it was time to hand over the reins to new young blood and resigned on mass. Despite our best efforts we were not able to replace the committee, therefore it is with regret I have to inform you that the Wisborough Green Sideshows Society has now ceased operation.

May I take this opportunity of thanking the committee and all those wonderful people who have helped us over the years in making the dinner party such an amazing success and, of course, to all our guests.

*Christopher Stride, Chairman*

**P.S.** The above decision has no impact on the Wisborough Green Fete as this is managed by the Wisborough Green Fete Society and will continue as normal.

## Location, Location, Location visits Wisborough Green

Phil Spencer, from the Channel 4 programme, Location, Location, Location, visited a house in Wyatt Close on 27<sup>th</sup> February in search of a suitable property for a lady wishing to move from London. Programme should be aired late summer. Cathy Holloway, Housing Management Co-ordinator at Wyatt House, sent the following photos.

## The Parishes Wildlife Group

The Parishes Wildlife Group has received funding from both the WG Fete Committee and SDNP sustainability grant for which we are most grateful. We intend to hold events in April, June, August and September so watch out for announcements and for posters round Kirdford and Wisborough Green villages and many thanks to Plaistow residents who have sent us notes about the wildlife they see regularly.

### Saturday 29 April

Come and find out how to note your wildlife record using I-Record.  
Meet outside TheThreeCrowns Public House at 11am  
for a short walk with Mike King and Jill Sutcliffe who will show you how!

During the year, events will include dormice, dragonflies, water quality, BioBlitz (record everything you see...with the help of enthusiastic experts) - and more bats after last year's outing was over subscribed. If you want to know about what is planned send us your email address and we'll keep you in touch.
